

TA3F TO 1/4 Inch Male Line Level Adapter Cable

PIN CONNECTIONS

VIEWED
FROM
OUTSIDE

This cable is primarily used to connect the output of a Lectrosonics receiver, such as the model LR, to guitar effects pedals. It is constructed with a TA3 jack, rugged 3-wire flexible cable and a solid metal right angle 1/4 inch plug. The plug and jack have soldered connections, allowing them to be serviced or replaced if the need arises.

Connectors: • 3-pin TA3 female
• 1/4 inch mono male; right angle

Cable: Two conductors plus shield

Length: 30 inches
